About Titan Wealth

Titan Wealth is a dynamic and fast-growing financial services group, delivering integrated investment and wealth management solutions across multiple jurisdictions.

The Role

As a Software Developer, you will help build, maintain, and improve Titan Wealth's core systems. You will work with the development team to create reliable, maintainable and easy-to-use applications that support the business and meet industry regulations.

The successful candidate will be responsible for the following key areas:

Key Responsibilities

- **Software Development:** help design, develop, test, and maintain the company's internal applications. Write clean, well-structured code and make sure systems run smoothly. You'll also help fix bugs, improve existing features, and keep documentation up to date.
- **Data Warehouse Development:** support the development of the company's data warehouse by building ELT processes that move data from internal systems into the warehouse. You'll also help create data models used for reporting and analysis.
- **Learning and Development:** keep improving your technical skills and stay up to date with the latest changes to technologies to help strengthen the team's knowledge.

Other Requirements

- Investment securities knowledge or commitment to obtaining a relevant qualification within two years.
- Can understand business needs and turn them into technical solutions, even when working with non-technical users.
- You will have experience developing with C# and .Net and a good knowledge of
- T-SQL/Microsoft SQL Server.
- Knowledge of Git and Agile Development (Scrum or Kanban) would be an advantage.
- Experience with software development and software release management methodologies, including a good understanding of branching strategies and excellent data analysis skills
- Experience with Microsoft Dynamics CRM is a plus.
- Someone who works well in a team and is comfortable in a busy environment.
- You will also be expected to learn about stockbroking, investment management and financial services, to better support the systems used by the business.
- This role may also involve travel to other offices.

Why Join Us?

At Titan Wealth, we believe in empowering our people to make a difference. You'll be part of a close-knit, high-performing team that values integrity, collaboration, and strategic thinking. We offer:

- International exposure across key financial jurisdictions.
- Opportunities for career progression and professional development.
- A culture of openness, challenge and continuous improvement.
